2nd July 2020

Dear Parents and Carers,

We hope you are well and are staying safe.

For those in school, can we remind you that the virus hasn't gone away so please continue to observe social distancing measures and also the staggered start and finish times in school. **This is for your safety.** Other areas of the country have entered back in to lockdown and the infection rate is still very concerning for us all.

For those out of school, we are continuing to keep in contact and are ensuring that we talk to you and your child to check you are safe and well. We still have a duty of care for your children so communication is vital from our point of view.

It is hoped that the government will send out further guidance today in relation to what schools will look like in September. Many of you have asked me questions about the future but sadly I can not answer these due to not being given any government guidance at this current time. I look forward to providing you with more information as soon as I can.

Next week, we will look to make contact with you regarding new classes and will be sending out communication from your new class teacher!

Finally, please don't forget to complete the survey sent out last week – your views are important to us!
