Re: Parent Planner 2021-22 - Year 2

Dear Parents,

We had a very exciting and busy spring term and are excited for all that is to come in our summer term.

To support you with your awareness of what is happening in our school, we will continue sending out a half termly parent planner which will list information about subjects as well as information about homework to be completed by your child.

It is vital that your child keeps their learning alive at home and completes any homework on time to a high standard so they can make the most of their learning experience. Homework should be completed independently where possible with any comments recorded in their home / school diary, so I can be aware and continue to support your child in school. Please do not worry over homework - the most important thing is to have a go.

This is an important term in Year 2, with SATs assessments taking place in May, so it is crucial that children get lots of rest.

We look forward to the new term ahead!

Kind regards,

A Cannon Year 2 - Class teacher
